ABOUT ME

Chief Video Editor & Director with over 16 years of experience in the video production industry, spanning television, cinema, commercial, and digital content. I've successfully delivered 500+ projects across multiple sectors in the UAE—including government, semi-government, and private entities—covering fields such as construction, healthcare, news, and entertainment.

My portfolio includes the editing of over 30 TV series, 10+ feature films, and 50+ high-end commercials for prestigious global brands. I bring both technical expertise and creative vision to every project, with a deep belief that editing is not just about precision—it's about telling stories that move people.

I've worked extensively with leading broadcasters, and have often been seconded or contracted as a Director and Project Manager due to my leadership capabilities, ability to manage teams, and deliver under pressure.
