Experienced digital imaging professional with a strong background in visual production and post-production processes. Proven track record in managing complex projects, optimizing workflows, and ensuring precision in digital imagery. Skilled in collaborating with creative teams and adapting to evolving technologies in dynamic environments. Seeking to leverage my expertise in digital imaging and passion for continuous innovation to contribute to innovative and growth-driven organizations.

Education

Bachelors, Engineering

CGPA: 6.9

Driving License

Valid (LV-Automatic)

Work Experience

A. Digital Imaging Specialist

Nov 2023 – Present

Freelance

Dubai

During this time, I have worked in commercials, reality TV and feature films as a data manager and digital imaging technician. I act as a virtual bridge between the camera & post production crews. I have also done photography and videography works for some of my clients in UAE and India.

B. Digital Imaging Technician

Feb 2022 – Oct 2023

Mile Studios

Studio City, Dubai, UAE

During my tenure, I have worked as a Data Manager and DIT at Mile Studios. I have worked with major production houses in UAE, managing data for both long and short format video productions. I am skilled in industry-standard software and tools, troubleshooting technical issues, and maintaining efficient workflows. I have experience in working with cinema line cameras according to the requirements set by Director of Photography/ Cinematographer.
