A Bit About Me

French National, living in UAE since 28 years.

Upcoming Actress, commercial model starting a new life at 50 years and pursuing a dream of when I was a child. It is never too late.... I am a passionate actor and put myself unconditionally into acting. My training includes specialized workshops in film acting (Acting Intensive, Casting and Scene studies) with renowned Hollywood Casting Director Miranda Davidson of MD Studios & Phil Ridley, Actor & Theater Coach. As well as acting workshops with LeoWong, Acting Coach, Editor, Actor and producer from Los Angeles. As acting is an on-going process, I am registered to attend the Acting for Film course, in October 2025 at NYU Abu Dhabi, organized by filmmaker Scandar Copti.

My professional experience spans a variety of mediums — from acting in commercials and short film, to appearing in major Hollywood productions, including Now You See Me Now you don't and Jack Ryan movie, each in distinct roles.

I am a highly dedicated and versatile emerging actress with a passion for bringing authentic characters to the screen. My strong work ethic makes me a reliable person and I am committed to deliver compelling performance. I am a quick study and a collaborative team player, always eager to contribute my energy and skills to a project's success. My focus is on creating nuanced and memorable portrayals that resonate with audiences.
