PROFILE

I am a dedicated professional with a strong commitment to meeting project deadlines and ensuring timely delivery. My focus on precision and efficiency allows me to maintain high standards, even under tight schedules. With a proactive approach to problem-solving and a drive to see projects through to completion, I consistently contribute to team success and project momentum.

WORK EXPERIENCE

UNTITLED JACK RYAN – Government Liaison (January 2025)

Assisted with location logistics, managed setup and breakdown, and coordinated on-site requirements with government entities.

Now You See Me 3 – Government Liaison (March 2024)

Secured essential permits and approvals by navigating regulatory frameworks and ensuring compliance with laws. Building relationships with government officials, streamlining processes and mitigating delays.

APEX – Location Assistant (March 2024)

Assisted with location logistics, managed setup and breakdown, and coordinated on-site requirements.

Dune: Part Two – Government Liaison (September 2022)

Coordinated location logistics in the desert and served as the primary government liaison.

Last Light – Government Liaison (November 2021)

Supported location logistics, coordinated site setup and access, and assisted in maintaining smooth production operations.

Al Kameen / Ambush – Government Liaison (December 2019)

As the Military Liaison Officer at Image Nation, acting as the primary contact between the company and the armed forces. He coordinated logistics and operational support for film projects, integrated military personnel into productions, and built strong relationships with military officials to enhance collaboration and streamline processes.

WORK EXPERIENCE

Abu Dhabi Police General Headquarters – (2020 to 2024)

Worked with Abu Dhabi Police Headquarters for four years, supporting operations and contributing to safety and security initiatives. His role involved close collaboration with various departments to enhance public safety and ensure efficient response measures.

UAE Armed Forces – (2014 to 2020)

In his role as an Infantry Trainer with the UAE Armed Forces, Ahmad supported personnel development by guiding them in military tactics, physical conditioning, and operational procedures to strengthen overall readiness. He also carefully operated and maintained heavy machinery, following strict safety protocols. His focus on teamwork and attention to detail contributed to the unit's efficiency and mission success.

SAEED for Traffic Systems – (2010 to 2014)

Spend 4 years overseeing accident response strategies and ensuring adherence to safety protocols. He focused on improving operational efficiency and safety standards within his team.
